

PRODUCT DESCRIPTION:

HC-175 is a highly concentrated, caustic, liquid detergent which is designed for heavy duty steam cleaning. It is formulated with the highest quality penetrants and surfactants to promote the rapid emulsification of dirt, grease, and oil. This product is designed to clean off road equipment like dozers, cranes, draglines, lifts and other commercial equipment. It will work best in hot water, and rinse free at any temperature.

DIRECTIONS FOR USE:

The optimum cleaning dilution for most surfaces is between 1:60 and 1:100. When using **HC-175** with pressure washers or steam cleaners, set the metering valve at desired dilution rate and apply cleaning solution from the bottom up on a dry surface. Always detail clean from the bottom up and rinse from the top down. **DO NOT USE ON ANODIZED OR POLISHED ALUMINUM. DO NOT USE ON ANY ALUMINUM SURFACES OR ANY PAINTED SURFACES AT CONCENTRATIONS OF LESS THAN 1:40. All products should be tested in an inconspicuous area. Do not allow to dry on surfaces, always rinse thoroughly.**
