

### PRODUCT DESCRIPTION:

TNT is a premium product that is formulated to safely clean polished aluminum and painted surfaces on over-the-road tractors, trailers and other types of commercial vehicles without damage, when used as directed. This product removes magnetic road film from trailers without brushing. This product works in both cold and hot water. The actual dilution ratio may be varied to safely clean extremely dirty surfaces.

### DIRECTIONS FOR USE:

For use in hot pressure washers, apply to the surface at the rate of 1 part cleaner to 50 parts water. For use in cold pressure washers and cold water drive through truck wash systems use at the rate of 1 part cleaner to 25 parts water. When cleaning with pressure washers, always apply cleaning solutions from the bottom up on a dry surface. Always detail clean from the bottom up and rinse from the top down.

Do not use on painted surfaces at concentrations of less than 1:15. Do not allow to dry on painted surfaces. Always rinse thoroughly.
